

PA BURNS RESERVE

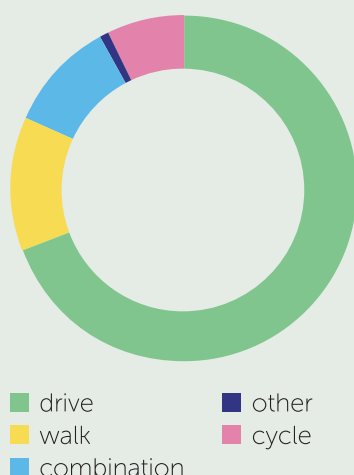

With hundreds of responses to the PA Burns Reserve User Survey, it's clear that this reserve is one of our most popular for a range of users from dog-walkers to cyclists, cricket players and more. We've collected what you had to say and here's some of the results. Your feedback has been incorporated into the design, which is currently underway.

For full survey results and to stay involved with project updates visit:

How you use the reserve

How you get here

For those that drive

Rain, hail and shine; day and night; Monday to Sunday you're visiting the reserve.

Of the **450** responses **303** visitors came from inside Hobsons Bay. But PA Burns Reserve also attracted residents from another

49 suburbs from around Melbourne and Victoria - with visitors from suburbs as far as **Diamond Creek and Torquay!**

How we can make it better?

There is so much space being unused its disappointing to see...

Needs separate paths for cyclists further back from the beach so that there is less risk of collision with walkers & dogs.

Need to take measures to stop people walking on the ground during a cricket game. Safety issue.

There could be more fresh water for dogs and people
