Retain tree

New tree
Corymbia maculata 'ST1' Lowanna

Corymbia maculata 'ST1' Lowanna

Common Name	Compact Spotted Gum
Foliage	Evergreen
Form	Oval
Mature Size	Height 10 x Width 7m

A compact tree that is great for streetscapes with limited space.

A fantastic shade tree.

Great habitat for native fauna.

What are the next steps?

Visit the project website to stay up to date

Tree removals will take place over the coming weeks.

New trees will be planted in your street prior to the end of October.
