

MARY STREET RESERVE

WHAT WE HEARD (JULY 2022)

The Mary Street Reserve Upgrade is the development of a concept plan and space upgrade for the reserve, as part of the Better Places Spotswood and South Kingsville Place Guide. As part of the feedback stage, we sought to better understand the needs and wants of the community around the Mary Street Reserve area.

- Community consultation for this stage of engagement occurred between 2nd May to 5th June 2022:
 - Via Participate
 - And via a face-to-face session. (Occurring on the 28th May 2022)
 -

Key topics, issues, and opportunities in the feedback we received included:

Key comments included:

a wonderful and uniquely safe space given it is fenced off

current layout of the whole site needs reconsideration

invest in the rubber courts as an upgrade and some shade sails to compliment the shade by trees

bbq and covered seating should be added

I think a community veg garden would be a great addition here

add bike racks somewhere in the park, maybe reducing carpark space a little to encourage bike use

updated playground and family picnic area with more greening of the area

the RSL is a vital contributory to community and it's history and importance undervalued

this car park access needs to be reserved for the elderly and disabled.

better integration of the entire area so that it is open and accessible to the entire community
