- ⑥ New raised timber community garden beds
- ⑦ New picnic shelter and new shade trees to north section of raised platform

CRAIG STREET PARK UPGRADE FINAL CONCEPT PLAN

The final concept plan for the upgrade of the Craig Street Park has been informed by suggestions and feedback received at community engagement sessions in August and November 2018 and our online survey. Thank you to all who provided feedback.

Next stages

- Detailed design and documentation February to March
- Quotation process for landscape construction March to April
- Construction of upgrade works May to July
