

- ① New pram crossing
- ② New rocker
- ③ New tunnel
- ④ New mini trampolines
- ⑤ New boat or fire engine
- ⑥ New understory planting
- ⑦ New bench seat
- ⑧ Mulched areas extended
- ⑨ Existing lawned area retained
- ⑩ Existing bench relocated / retained
- ⑪ Existing play equipment retained
- ⑫ Maintenance access
- ⑬ New native trees (with cross in centre)

These photographs are to give an indication of the character and components in the proposed design.

The play space will become the heart of this reserve, with new equipment for toddlers and older children. The southern section of the reserve will have a flexible-use open grassed area. New native understory and tree planting will help to encourage pollinators such as birds and butterflies.
